

Developmental Medicine & Child Neurology

Volume 25 1983

INDEX

Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEYS TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-140	No. 4	415-555
No. 2	141-280	No. 5	557-689
No. 3	281-413	No. 6	691-835

Abortion, threatened, fetal growth delay in: ultrasound study (abstr.), 275
 ACCARDO, P. *See* CAPUTE, A., 115
 Accidents and handicap, 654
 Acetabular anteversion, role in computed tomography of congenital dislocation of the hip (abstr.), 137
 Acetylcholine receptor, immune responses to, suppression with monoclonal anti-I-A antibody in vivo therapy (abstr.), 687
 Achondroplasia, 100(L)
 ACTH therapy, children with infantile spasms on, sequential CT studies, 475
 Activity level, measurement with actometers: reliability, validity and arm length (abstr.), 831
 ADINOLFI, M. and BROWN, S.: Monoclonal antibodies against brain antigens, 651
 Adolescents. *See also* Teenagers
 EEG findings (abstr.), 272
 headaches in, temporomandibular joint pain-dysfunction as rare cause of, 601
 head-injured, ectopic bone formation in (abstr.), 111
 orthopaedics, 806
 with myelomeningocele, locomotion in, energy consumption of (abstr.), 115
 Adoption of children with medical handicap (abstr.), 685
 Adults, multihandicapped, life outcomes and satisfaction ratings, 625
 Aggressive behaviour, drugs in (abstr.), 136
 AGRE, J. C. *See* FINDLEY, T. W., 115
 AHLFORS, C. E. *See* WENNBERG, R. P., 135
 AICARDI, J.: Neonatal spinal-cord dysfunction, 100(L). *See also* VAJDA, F. J. E., 660
 AIUTI, F. *See* IANNETTI, P., 272

ALBERTS, E., KALVERBOER, A. F. and HOPKINS, B.: Mother-infant dialogue in the first days of life: observational study during breast-feeding (abstr.), 688
 ALLEY, T. R.: Growth-produced changes in body shape and size as determinants of perceived age and adult caregiving (abstr.), 689
 ALVORD, E. C., JR. *See* FULLER, P. W., 214
 Ambulation, long-term, in spina bifida (abstr.), 110
 American Academy for Cerebral Palsy and Developmental Medicine, Annual Meeting, San Diego, 1982: Report, 102
 American and Gusii newborns, motor performance: Neonatal Behavioural Assessment Scale (abstr.), 138
 γ -Aminobutyric acid, CSF concentrations, in the newborn (abstr.), 830
 ANDERSON, A. D. *See* WILLIAMS, L. O., 617
 ANDERSON, D. L. *See* VANDELL, D. L., 278
 Anencephalus in a low-risk area, 632
 ANGELINI, L., BROGGI, G., NARDOCCI, N. and SAVOJARDO, M.: Subacute cervical myelopathy in a child with cerebral palsy, secondary to torsion dystonia? (abstr.), 408. *See also* BROGGI, G., 277

ANNOTATIONS

Academic pediatric neurologist, is he an endangered specie? 95
 Accidents and handicap, 656
 Brain transplants, 654
 Casting as an adjunct to neurodevelopmental therapy for cerebral palsy, 804
 Cerebral gigantism, 248
 Congenital dislocation of the hip, treatment, 97
 Craniocervical abnormalities in Down's syndrome, 252

Annotations, cont.

- Kindling, 377
 Lumbo-peritoneal shunting—a forgotten operation? 380
 Medulloblastoma, modern approaches to the treatment of, 245
 Menses and moon phases, ovulation and seasons, vitality and month of birth, 527
 Monoclonal antibodies against brain antigens, 651
 Paralytic subluxation and dislocation of the hip in myelomeningocele, management, 374
 Spinal tumours in children, 801
- Antenatal treatment of hydrocephalus by ventriculo-amniotic shunting (abstr.), 551
 Anticonvulsant plasma levels, therapeutic range, 660
 Anticonvulsive drugs and cognitive functions (abstr.), 550
 ARAM, D. M. and HORWITZ, S. J.: Sequential and non-speech praxic abilities in developmental verbal apraxia, 197
 Arm-span measurement, in children with myelomeningocele, 338
 ARMSTRONG, R. W. and ROSENBAUM, P. L.: Measuring children's attitudes towards disabled peers (abstr.), 107
 Arthrogryposis following maternal hypotension, 648
 ARTS, W. F. M. See BAK, E., 81
 ASHBY, S. See BRITTON, S. B., 276
 Asphyctic fetus, visual evoked potential, measurement (abstr.), 410
 ASTBURY, J., ORGILL, A. A., BAJUK, B. and YU, V. Y. H.: Determinants of developmental performance of very low-birthweight survivors at one and two years of age, 709
 ATKINSON, S. and STANLEY, F. J.: Spastic diplegia among children of low and normal birthweight, 693
 Atlanto-axial subluxation in children with Down's syndrome (abstr.), 108
 Attentional deficits
 in learning-disabled children: eye movements during reading (abstr.), 410
 in seven-year-olds, neurological and neurodevelopmental aspects, 315
 Auditory
 brainstem response in a newborn infant with hyperbilirubinemia: exchange transfusion (abstr.), 135
 deprivation, effect on lateral preference of deaf children, 207
 Autism, association with fragile-X syndrome (abstr.), 833
 children, cognitive development, assessment by nonverbal Piagetian tasks (abstr.), 410
 Autosomal
 dominant disorder (Bannayan syndrome) (abstr.), 139
 fragile sites, genetic aspects (abstr.), 835
 recessive muscular dystrophy, severe, in an extended Sudanese kindred, 43
